Changing the Language on the Martindale 900 Series

WARNING: *Any maintenance work undertaken on a James Heal instrument must be done so by a trained and competent person. Where electrical work is detailed, this should only be completed by a qualified engineer. James Heal is not responsible for damage or injury arising from work carried out by any person not qualified to do so. If in doubt, please contact James Heal or your local James Heal Agent.*

On the pre-set count keypad;

1. Press **[0 Alt]** the display will show

Mode

2. Press **and continue pressing** **[3 🌐]** the display will first show

Language

   then after 1 second it will change to show

Edit

now stop pressing **[3 🌐]**

3. The display will then show the current sound setting, either;

0 = English

or | 1 = French |

or | 2 = German |

or | 3 = Spanish |

or | 4 = Italian |

To change the language to German press **[2 ⊘]**

4. After selecting the desired option press **[Enter]**
